

KEYSTONE POWER REFERRAL PROGRAM POLICY

The **Keystone Power Referral Program** is designed to reward parents for sharing their positive experiences and helping others join the Keystone Universe of Education. This program is straightforward, transparent, and free of hidden conditions

How It Works

1. **Share Your Experience:** Encourage your friends, family, or neighbors to consider Keystone.
2. **Provide Referral Details:** Submit the referred student's **Name** and **Mobile Number** to your branch counsellor.
3. **Instant Reward:** Receive ₹2,000 in cash immediately after the referred student successfully completes the registration process for the eligible academic year.

Key Features of the Program

- **Unlimited Referrals:** There's no limit on how many students you can refer.
- **Any Keystone Branch:** Referrals are valid across all branches
- **All Standards and Subjects:** Students from **6th to 12th**, across all streams and subjects, are eligible.

Eligibility

1. The referred student must be a new student, not currently enrolled at any Keystone branch during the **2024-25 academic year**.
2. The referred student must be enrolling for the **2025-26** or **2025-27 academic year**.

Program Validity

- The program is valid for a limited time, from **6th December to 31st December**.

What Happens if a Referred Student Requests a Refund?

- If the referred student completes the 15-day Discovery Period & then decides not to continue, your ₹2,000 reward will not be reclaimed.
- If the referred student does not join and requests a refund before the session starts, ₹2,000 will be deducted from their registration fee at the time of the refund.
